Disbursements.

What is a Disbursement?

This is when items that can be financed (such as the vehicle) are separated from items that cannot be financed (such as insurance) in the finance documents.

Why Disburse?

Disbursement allows customers to use part of their deposit to pay for additional items which cannot be funded on the agreement.

How it works?

Items that can be disbursed will not show on the vehicle finance agreement but can be shown on the main vehicle invoice. FAMOS allows for items/ services to be disbursed (maximum values apply – see below) as long as the customer deposit is equal to or greater than this amount. The disbursed items will be paid for out of the customer's deposit.

The disbursement form accounts for the difference between the total cash price on the vehicle invoice and the cash price in FAMOS/ finance agreement. You must make sure that the items being disbursed are entered into the correct category

Once disbursed, an [additional form](#), entitled "Payment for Additional Services", will be produced in the document pack, following the Direct Debit Mandate. This form must be signed by the customer alongside the main finance agreement.

This document provides a step by step guide on how to quote a customer and produce the correct finance documents.

The table below summarises the items which can be funded and those that must be disbursed:

Step 2: The 'Customer Deposit' and/or 'Part Exchange allowance' must be sufficient to cover items being disbursed in FAMOS.

Invoice example:

Vehicle Specification Details:	Value	Discount	Nett Value	VAT	Total V

Step 7: The customer document pack will now include the disbursement document.

An additional form (example below), entitled "Payment for Additional Services" will be produced in the document pack and can be found after the Direct Debit Mandate.

The form includes the following information:

- Available funds (Deposit and/or Part Exchange)
- Itemised and totals of disbursement amounts.
- Remaining cash price for the vehicle and remaining deposit and/or part exchange, showing the balance of cash price payable.

Payment for Additional Services

Important - Please read carefully

This form records the optional additional services you have chosen to purchase with your vehicle and confirms that the cost of your additional services, including Insurance Premium Tax (IPT) where appropriate, has been paid from your cash payment and/or net part-exchange allowance.
This is not a Statement of Price.
